

**TD Auto Finance**  
SYSTEM ADMINISTRATOR  
AUTHORIZATION (TDAF CONNECT)

Description

TDAF Connect has a User Administration function that enables an authorized employee at your dealership to manage all users of the TDAF Connect system. This includes adding, updating and deleting users of TDAF Connect at your dealership as well as selecting a user's role, or profile, to determine their access rights to various features and information.

Authorization

I designate \_\_\_\_\_ as the dealership system administrator for TDAF Connect. I understand that this person will have access to the User Administration function and will be responsible for managing the TDAF Connect users in my dealership.

I, as \_\_\_\_\_, will also have the ability to manage TDAF Connect users.
